

NORTHWEST REGIONAL POLICE OFFICERS ASSOCIATION- gives back to the community they serve to help several families in the community have a great Christmas!

The Northwest Regional Police Officers Association is well aware of the current economical situation and how the community they serve has many affected by it. The officers researched and found two families who needed some Christmas cheer. The families, one from each of the two municipalities, included 8 children and 3 adults. So the Officers got to work and made sure each family was able to enjoy this Christmas.

Officer Ken Whitebread became Santa Claus and his helpers, Det Frank Ember & Officer Chuck Tobias, delivered the gifts to each of the families on Christmas Eve, under the guise of "Santa's Sled broke down" and he needed a police escort.

The experience was nothing short of incredible for the officers, with the families very thankful.
